

DESIGN: SANJA KNEZOVIĆ

Cloud hails from a family of modular sofas, offering a number of compositions adapted to each given space. Its morphology is defined by the simple basic lines of a somewhat lower armchair and an elevated armrest. Support from the cold foam reinforces its entire volume, while the superficial layer of feather filling adds extra softness to the Cloud and ultimately a feeling of 'sitting on the clouds'. Together with a cover made from natural materials, the experience of relaxation and pleasure is maximised. Cloud's dimensions go hand-in-hand with the needs of diverse groups of users, who can choose between two different widths of the module. Its morphology makes the Cloud ideal for the furnishing of larger spaces.

STRUCTURE solid wood, plywood

SUSPENSION wave springs

SEAT HR foam, polyester wadding

BACKREST HR foam, polyester wadding

LEGS PVC

UPHOLSTERY fabric / leather

1SEATER / 1SJED
