Intro:

Very Simple Kitchen is an Italian brand that creates modular solutions for contemporary lifestyles.

We tailor kitchens to fit any space. Our products are designed to reduce unnecessary complexity, introducing

a simple and innovative approach based on freestanding modules. 100% stainless steel and completely made in Italy, our kitchens can be shipped internationally from our head-quarter in Bologna.

Very Simple:

Kitchen

Inspired by the minimalism and straight lines of Italy's industrial heritage, Very Simple Kitchen was founded with the desire to reinvent kitchen's space.

Our products are a combination of industrial style and simple forms with careful attention paid to the use of colors, materials and finishing.

Focus on Features

Flexibility allows to take your kitchen everywhere. Our kitchens are 'nomads', they can be

moved and modified over time to follow your changing needs.

It's: Flexible

Focus on Features

We have a selection of standard colors but we are also able to custom paint the units on demand.

It's: Colorful

We use an industrial painting process (powder coating) that makes our colours extremely long-lasting.

It's: Durable

Focus on Features

High-end natural stones, technical materials, components and appliances will make your kitchen durable and unique.

We are always on the lookout for new elements and suppliers in order to give your kitchen an inimitable style.

Focus on Features

We care about our products and we care about the planet. That's why our kitchen structures are 100% stainless steel.

This eco-friendly and recyclable material makes our products strong and durable.

It's:
Sustainable

It's: Made In Italy

Focus on Features

Our products are manufactured in Italy.

The collaboration with local craftsmen allow us to produce kitchens of the highest quality.

Focus on Features

Our colorful, flexible, sustainable & made-in-Italy world also enters the outdoor space,

offering new and innovative alternatives in the design of the kitchen environment.

Teklan Edition

Focus on Features

When we discovered Swedish Designer Tekla Evelina Severin, the seed was sown for a beautiful and extremely colourful relationship to blossom. Marrying the excellence of two great

design perspectives, the flexible series is the result of Scandinavian and Italian design sensibilities clashing happily together.

With over a year of research and development of materials and painting techniques, we introduce our first line of wooden kitchens,

It Also Can Be: Wooden

incorporating semi-industrialised processes to optimise costs and speed up customisation.

It's: Our Online Configurator

Focus on Features

With our online configurator you can design and make an immediate quote of your kitchen.
